

### Fractions, Decimals and percentages

Complete the table below. Remember to make links between the numbers and think about how you can convert from fractions to decimals and percentages.

When you have finished some tasks have been set for you on Mathletics.

<i>Fraction (Simplest Form)</i>	<i>Decimal</i>	<i>Percentage</i>
<b>31/100</b>	<b>0.31</b>	<b>31%</b>
	<b>0.5</b>	
<b>1/5</b>		
		<b>22%</b>
	<b>0.25</b>	
<b>3/10</b>		
	<b>0.45</b>	
		<b>28%</b>
<b>3/20</b>
