

1

Order the groups of cubes starting with the largest group.

Group 1 Group 2 Group 3 

2

Order the three numbers from smallest to biggest:

 <  < 

Using base 10, build and order from biggest to smallest:

- 23, 49, 19
- 11, 33, 22
- 41, 14, 42, 24

3

Use the four numbers to complete the statement.

11	12	13	14	15	16	17	18	19	20
21	22	23	24	25	26	27	28	29	30
31	32	33	34	35	36	37	38	39	40

 >  >  > 

### Spot the Mistake

$$12 > 21 > 33 > 35$$

Can you correct it?
