

Complete the bar model. Remember to convert between metres and kilometres.

Work out the perimeter of these shapes, counting the squares. Write your answer next to the questions.

- What is the perimeter of the **red** shape?
- What is the perimeter of the **orange** shape?
- What is the perimeter of the **green** shape?
- What is the perimeter of the **blue** shape?

Calculate the perimeter of the shapes.

Can you find more than one way to calculate the perimeter?
